

Members' Vision

The vision of the member agencies of Goulburn Valley Primary Care Partnership (GVPCP) is to support and develop a healthy, empowered and resilient community

Members' Mission

Our mission is to work together to enable integrated and planned approaches to enhancing whole of community wellbeing

Members' Focus

Our collective focus is on partnership actions, across 3 priority areas, to enable a service system responsive to community needs

Priority Areas

In consultation with member agencies, these were reviewed in 2015/16 and re-defined as;

Role of GVPCP Team

The role of GVPCP staff is to support and enable member agencies and other stakeholders to actively contribute to partnership actions

Guiding Principles

The revised priority areas remain consistent with state, regional and local policy directions and plans;

Member and stakeholder engagement

Collective impact model, systems change approach, sustainability

Victorian Public Health and Wellbeing Plan 2015-19

Primary Care Partnerships Program Logic 2013-17

Hume Region public health strategies and plans 2010-2022

Municipal Health and Wellbeing Plans

INTRODUCTION

GVPCP Members' Strategic Plan 2013-17, was reviewed in 2015 in light of numerous changes in Commonwealth and State structures and policy directions, funding arrangements, member agency structures, strategic plans and priorities. This revised plan is designed to provide a responsive pathway to lead partnership activities through the current PCP funding cycle, and is supported by an Operational Plan.

Craig Chadwick
 Executive Officer

**Members' Strategic Plan
2016-2018**

Community Connections

Health for Life

Quality Connections

----- **Plan - Facilitate - Align - Enable - Capacity Build** -----
