## **Local Government Area Profile 2015** Strathbogie (S)

Community		
Geography		
Most populous community	Euroa	
Area of LGA (km²)	3,302.0	
Demographics		LGA Rank of 79
Actual annual population change, 2004 - 2014	0.3%	58
Projected annual population change, 2014 - 2024	0.7%	50
Diversity		
People of Aboriginal and Torres Strait Islander origin	1.1%	32
People who speak a language other than English at home	2.8%	63
New settler arrivals per 100,000 population	82	53
Social Engagement and Crime		
Family violence incidents per 1,000 population	9.8	<b>5</b> 4
Drug usage and possession offences per 1,000 population	1.9	<b>0</b> 70
Total offences per 1,000 population	48.7	<b>6</b> 3
People who help as volunteer	31%	<b>2</b> 0
People who feel safe on streets alone	72%	<b>2</b> 4
People who spoke with more than 5 people the previous day	81%	25

Socio-economic factors		LGA Rank of
Economic and employment characteristics		<i>79</i>
Index of Relative Socio-Economic Disadvantage (IRSD)	970	23
Unemployment rate	5.3%	47
Families headed by one parent	13.9%	49
People with income less than \$400 per week	45.2%	18
People who delayed medical consultation, unable to afford	16.3%	34
People with food insecurity	2.2%	73
Housing, homelessness and transport characteristics		
Households with mortgage stress	15.0%	10
Rental housing that is affordable	66.0%	33
Homeless people (estimated) per 1,000 population	1.7	61
Dwellings with no motor vehicle	4.5%	63
Education Characteristics		
People 19 years old having completed year 12	84.8%	50

Ranked in Top or Bottom Third of State LGA Rankings 🚺

Health & Wellbeing		LGA Rank of
Health conditions		79
People reporting asthma	11.8%	34
People reporting type 2 diabetes	5.4%	27
People reporting high blood pressure	26.1%	42
People reporting heart disease	7.2%	35
People reporting osteoporosis	8.6%	1
People reporting arthritis	25.5%	<b>0</b> 7
People with dementia (estimated) per 1,000 population	27.9	9
People reporting being obese	21.7%	35
Cancer incidence per 1,000 population	10.2	2
People reporting poor dental health	6.6%	28
Notifications of chlamydia per 100,000 population	257.6	52
Health behaviours		
People aged over 18 who are current smokers	14%	40
People at increased risk of alcohol-related harm on a single occasion of drinking	43%	<b>5</b> 8
People who do not meet dietary guidelines for either fruit or vegetable consumption	41%	73
People who do not meet physical activity guidelines	59%	<b>1</b> 0
Breast cancer screening participation	56%	16
Cervical cancer screening participation	64%	<b>2</b> 5
Bowel cancer screening participation	38%	<b>5</b> 4
Children and young person characteristics		
Babies with low birth weight	9%	1
Children fully immunised between 24 and 27 months	93%	28
Children developmentally vulnerable in one or more domains	15%	<b>6</b> 0
Children developmentally vulnerable in two or more domains	10%	35
Aged and disability characteristics		
People with need for assistance with core activity	7%	9
People aged over 75 years who live alone	40%	30
Aged care residential places	181	
Age pension recipients per 1,000 eligible population	699.6	<b>5</b> 9
Life expectancy, wellbeing, injury and mortality		
Female life expectancy	82.8	<b>6</b> 8
Male life expectancy	78.4	51
People reporting high/very high psychological distress	10%	53
Unintentional injuries treated in hospital per 1,000 population	69.9	28
Unintentional injuries due to falls	41%	<b>2</b> 0
Indirect standardised death rate per 1,000 population	5.8	28
Avoidable deaths among people aged less than 75 years, all causes, per 100,000 population	164.4	<b>6</b>
Avoidable deaths among people aged less than 75 years, cancer, per 100,000	26.7	24
population  Avoidable deaths among people aged less than 75 years, cardiovascular diseases, per 100,000 population	31	<b>1</b> 7
Avoidable deaths among people aged less than 75 years, respiratory diseases, per	11.5	<ul><li>15</li></ul>

Service system							
Providers							
Most frequently attended public hospital	Goulburn Valley Health						
Primary Health Network (PHN)	[Shepparton] Murray						
	,						
Primary Care Partnership (PCP)	Goulburn Valley Partnership	Primary Care					
		LGA Rank of 79					
General practitioners per 1,000 population	0.8	<b>0</b> 70					
General practice clinics per 1,000 population	0.5	16					
Allied health service sites per 1,000 population	1.1	<b>2</b> 0					
Dental service sites per 1,000 population	0.2	50					
Hospital utilisation							
Hospital inpatient separations per 1,000 population	531.3	11					
Average length of stay (days), public hospital inpatients	2.9	<b>6</b> 0					
Projected annual change in inpatient separations between 2014/15 and 2026/27	2.2%	51					
ACSC (PPH) separations for all conditions per 1,000 population	30.9	26					
ACSC (PPH) separations for acute conditions per 1,000 population	12.6	31					
ACSC (PPH) separations for chronic conditions per 1,000 population	17.4	22					
ACSC (PPH) separations for vaccine preventable conditions per 1,000 population	0.9	<b>6</b> 0					
Average length of stay (days), all ACSC (PPH) separations	5.8	2					
Emergency department presentations per 1,000 population	217.3	50					
Annual change in emergency department presentations between 2004/05 and 2014/15	4.3%	28					
Projected annual change in emergency department presentations between 2014/15 and 2026/27	2.6%	35					
Primary care type emergency department presentations per 1,000 population	54.7	62					
Health and aged care service utilisation							
GP attendances per 1,000 population	8309.2	2					
ACAS clients per 1,000 target population	59.9	<b>0</b> 76					
HACC clients aged less than 65 years per 1,000 target population	372.3	35					
HACC clients aged 65 years and over per 1,000 target population	1130.6	21					
Clients that received Alcohol & Drug Treatment Services per 1,000 population	3.5	58					
Registered mental health clients per 1,000 population	14.6	34
